From the Trustees

We need your help. To beautify the Lord's house so that it is a blessing to him and attractive to visitors so they will want to return, we need to increase the building fund balance. Several projects are planned to beautify our facility, but we lack the funds to accomplish them. Please seek wisdom from God concerning the building fund and give to it as God has blessed you.

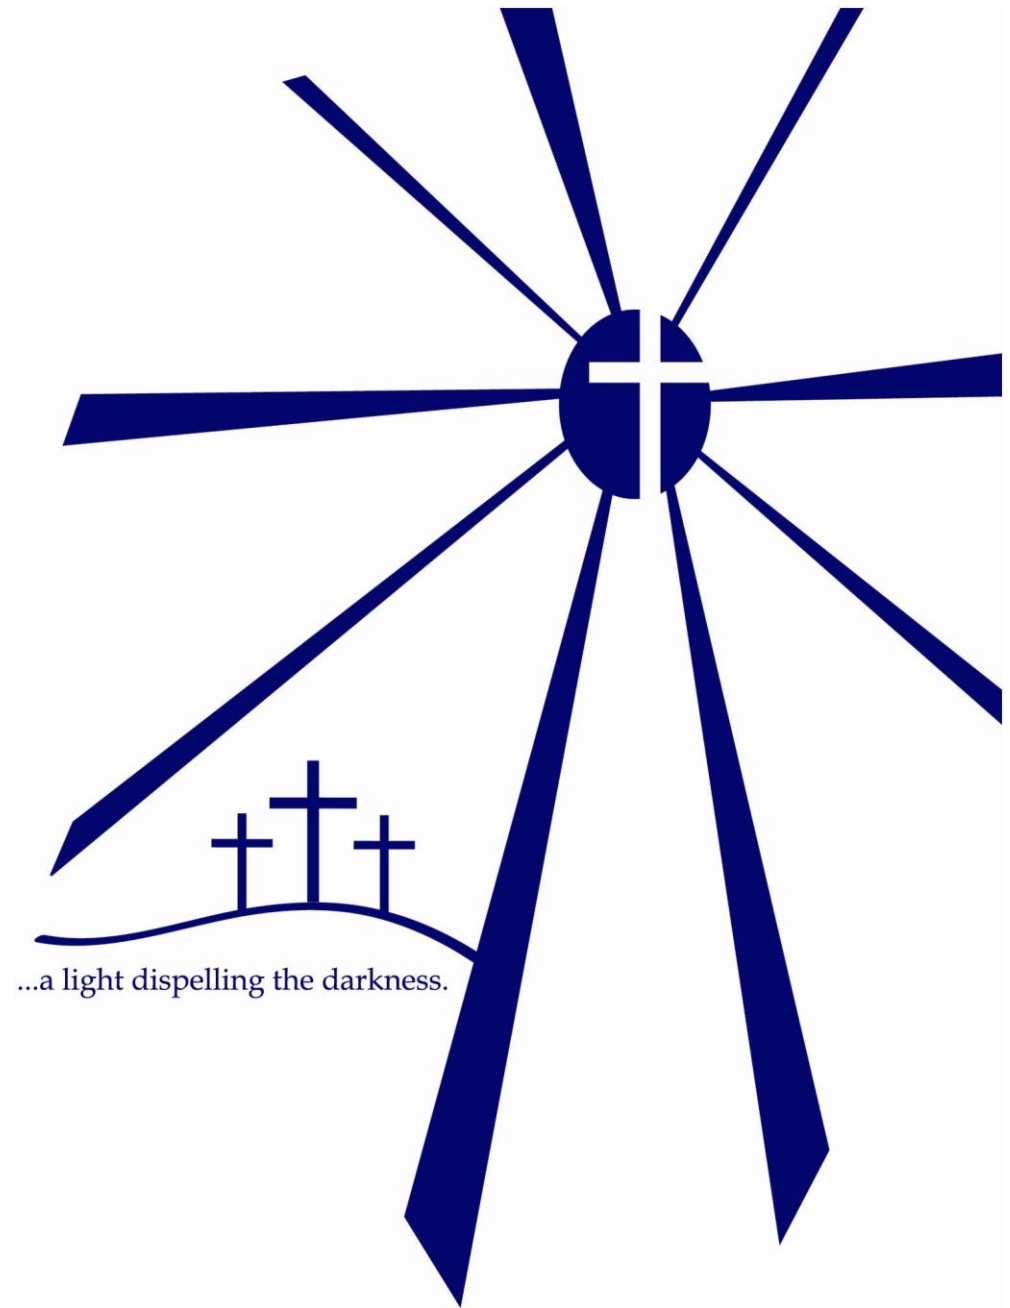

Benevolence, Building, Missions, and Widows' Funds

Today is the Sunday we have set aside to emphasize the offering for these funds. As God leads you, please give to these funds in addition to your normal offering.
